

# ART – FLORA AND FAUNA

## Flora and Fauna

- Flora and Fauna is an idea that some artists use to inspire their work.
- They focus and explore the way that different plants and insects look.
- These artists use drawing as a way to capture the way plants and insects look, and use their imagination to create their own versions.

## Key Questions

- Have I enjoyed looking at art made by other artists inspired by flora and fauna?
- Can I look closely at insects and plants and make drawings using pen to describe what I see?
- Can I experiment using graphite and oil pastel and make my own insects?
- Can I cut out shapes in different colours, and use these shapes to make an insect or bug?
- Can I think about an insect's body parts and what I would like them to look like?
- Can I listen to what my classmates like about my artwork and say what I like about theirs?

- Medium:
